## CROWDLEADING SCORE SHEET

All scores can be judged on a scal of 1.0-10.0. Judges will use the guideline above

|                                 |                                                                                                                                                                         |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| GAME DAY MATERIAL               | * Placement, timing, types of formations,energy, precision and execution all play a role in the ability for a section to maintain crowd engagement from start to finish |
| INCORPORATION OF SKILLS         | Use of effective crowd leading skills by cheer and/or dancers, technique and stability                                                                                  |
| EFFECTIVE USE OF GAME DAY PROPS | This includes all props such as poms, signs, megaphones, flags as well as the coordination of instruments to enhance crowd engagement, entertainment, and participation |

## OVERALL IMPRESSION- THIS SCORE IS SCORED BY EACH SECTION AND AVERAGED FOR THE FINAL SCORE

Overall execution, creativity, practicality, energy, flow, effectiveness, COORDINATION AND UTILIZATION OF MULTIPLE SPIRIT GROUPS, overall appeal

## SUMMARIZING OTHER CRITERIA

Game Day is NOT a cheer and/or dance competition, but rather the coordination of multiple school spirit programs working in unison to promote and engage crowd participation in support of the school's athletic teams.While the incorporation of cheer and/or dance skills do consider into the scoring, so does the opinion of the judges as to how applicable such skills are to a live game day scenario and environment. Much of the scoring IS subjective in terms of overall performance development and implentation, as well as the overall crowd appeal and entertainment value. Judging panels will consist of experts from both cheer, dance and band backgrounds.

|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EXECUTION        | Was the performance and skills performed practical for the team and executed in a way to add to the entertainment and crowdleading value without becoming a distraction                                                                                                                                                                                |
| DIFFICULTY       | While this is not on the score sheet, difficulty CAN come into play if all skills are executed with perfection for skill incorporation.                                                                                                                                                                                                                |
| PRACTICAL        | Were the skills/material performed practical for the team, the routine and the intentions of the material when all put together to collectively entertain, engage and encourage crowd participation all without distraction. This score should not reflect what you wish a team would have done but scoring them on the practicality of what was done. |
| PROP UTILIZATION | Props should be simple and effective to convey the purpose and message intended at the time of incorporation whether to entertain or encourage crowd participation. When using props, they should be strong and precise, complimenting the other movement, skills or props to best serve their purpose.                                                |
