Hello Coaches!

It is almost time for the 2020 UCA National High School Cheerleading Championship. As you and your team are arriving, we have some important pieces of information we need to pass on to you.

**Coaches' Webinar:**

Instead of having coaches' meetings on site at the resorts, here is a video webinar with all of the information you need. This will allow you to share information with all of your coaches. Once you arrive in Orlando, we will have UCA representatives available for any questions you may have at registration.

See you very soon!
