

A message from
Varsity Spirit President, Bill Seely

Hi Coaches,

I hope you, your families and your teams are staying safe this holiday season. Last week we shared that we were working closely with the Walt Disney World Resort to potentially reschedule the 2021 National High School Cheerleading Championship. With the recent information that has come out regarding COVID-19 in early 2021, and because we have received a number of requests from you – we are looking at additional date options in the spring. Although we hoped to have updates to share this week, we don't have the new dates for you just yet.

At UCA, the health and safety of our athletes, coaches, employees, families and friends remains our top priority. Please know that together, with the Walt Disney World Resort, we're working tirelessly to modify the championship experience based on the guidance from health authorities, such as the Centers for Disease Control and Prevention (CDC), and appropriate government agencies. This includes selecting new dates that will hopefully accommodate as many teams as possible to safely join us in Florida.

Thank you for your patience and understanding as we navigate these challenging times. We sincerely apologize for the delay in opening registration

and confirming event details. As soon as we have new dates confirmed and more information available in the new year, we will share it with you all.

Wishing you and yours a safe and wonderful holiday season!

Bill Seely

President
