PRACTICE SPACE AND TIMES

In addition to your regular warmup inside the competition venues, the order of competition will indicate another dedicated practice time for each team based on the team's performance time. (About one hour prior to your competition time.) There will be a marked off, outdoor space (weather permitting) dedicated to these warm ups at the ESPN Wide World of Sports Complex. Teams will go directly from this outdoor practice time to check in at their venue for competition. Once teams check in at their competition venue, they will have an additional warm up time on a practice floor prior to competition.

Information on resort practice space will be coming soon.

Please note, due to COVID safety protocols, there cannot be any organized practices or warmups outside of designated areas at the resort or at the ESPN Wide World of Sports Complex.
