Hello Safety Champions and Coaches,

Thank you for volunteering to serve as a Safety Champion for your team while they compete at the Walt Disney World Resort.

As the Safety Champion, you are required to attend a training session in advance of the event. All coaches are invited and encouraged to attend the session as well. The training will take about 10 minutes. You must watch the training in its entirety prior to **Thursday, March 10th** to be compliant.

Prior to watching the webinar, please be sure to review the Championship Experience Updates [HERE](#) as well as the Walt Disney World Experience updates [HERE](#).

In addition, please join the Safety Champion BAND group to receive updates throughout the event for all Safety Champions.
