As part of our commitment to safety, our goal is to assist with providing information of possible exposure to those that may have attended an event where someone tested positive. Close contact will be determined utilizing the CDC definition: a close contact is anyone who was within 6 feet of an infected person for a total of 15 minutes or more over a 24-hour period (for example, three individual 5-minute exposures for a total of 15 minutes). Following the event, please use this link to report any COVID-19 positive cases that occur within 5 days of the event. [COVID-19 Reporting](#)

Additional details regarding this event, including the preliminary schedule, will be sent 10 days prior to the competition. The final details and schedule for this individual competition will be continuously monitored and may be adjusted, including making the competition virtual, if necessary. All guidelines are subject to change based on Centers for Disease Control and Prevention ("CDC"), federal, state, local and venue-specific guidance. We will communicate any changes to you as soon as they are confirmed.
