

**IT'S ALL
ABOUT...**

CHOREOGRAPHY

2019

Keep the momentum of the Summer going strong this Fall with a USA Choreography Camp! Whether your team is planning their next performance or competition routine, the USA is here to help you master your next routine and pair you with a knowledgeable, talented and experienced choreographer!

Performance Choreography

Work with a USA Dance Instructor to take camp curriculum and customize it for your next performance. Your team can learn multiple routines with set formations and transitions.

Competition Choreography

If you are looking for custom competition choreography, let us help you find a choreographer who specializes in your style and has a deep understanding of the scoring system you will be competing on this season.

Pricing can vary based on choreographer, number of routines and number of dancers. Please contact your **USA State Director** to find the best choreographer to meet your teams needs and goals this upcoming season!
