"Much of what I do (and cherish doing) with our teams is mentor them about things that have little to do with dancing, but everything to do with confidence, pride, excellence, unity, and accountability, and your company has modeled that for my girls/boys for decades. Our style is based entirely on the USA style and continues to impress and entertain our fans and community. Magically, your style and training make excellence accessible to any level of dancer, and my teams are proof of that, as I often arrive with a few trained dancers and a lot of kids just excited about learning and participating. We leave you looking like a TEAM that, with hard work, can look excellent!"

I am your biggest cheerleader and happy to tell the world what you've meant to Poly's team and individual team members over the years - I never could have done it without you! You've helped to change and shape the lives of countless young people."

Tina C. Polytechnic School
