

Hello Championship Attendees,

Thank you for volunteering to serve as a Safety Champion for your team while they compete at the Walt Disney World Resort.

As the Safety Champion, you are required to attend a training session in advance of the event. All coaches are invited and encouraged to participate in one of the sessions as well. The training, including a live question and answer session, will take 45 minutes. At the conclusion of the training, you will complete a short survey to verify your attendance. Once your attendance is verified, you will receive an email from the Walt Disney World that must be completed and returned.

Here are a few things to note:

- Each team must have a Safety Champion.
- Every safety champion must INDIVIDUALLY complete the training.
- The training consists of the Disney Video, Live Q&A, and a quiz. You must see two green check marks to be completely done.
- The attestation is sent 24 hours or the following business day afternoon.
- The Safety Champion is expected to be with the spectators. Should a coach be assigned and you need to make a change, please email safetychampion@varsity.com the following information:
 - REG#
 - Gym/Team
 - Safety Champion Name
 - Safety Champion Email
 - Safety Champion Phone Number
