

COVID-19 Recommendations for Student Group Guests

Visiting the Walt Disney World Resort Theme Parks and Resort Hotels

POLICIES

Prior to traveling:

- We recommend you to consider whether a traveler is or will be fully vaccinated for COVID-19 before your trip dates. According to CDC guidance, persons should wait 2 weeks after completing vaccination for COVID-19 before traveling. **Vaccination is not required and documentation of vaccination will not be collected by or provided to Disney Imagination Campus.**
- We recommend you to confirm that each traveler, **not fully vaccinated**, has a negative viral test taken no more than 1–3 days before travel. **Test results will not be collected by or provided to Disney Imagination Campus.** You are required to prohibit any members of your group with confirmed positive test results from traveling to Walt Disney World Resort.
- We recommend that all members of your group, **not fully vaccinated**, 10 days before travel, follow strict CDC guidelines, including physical distancing, wearing face coverings when not at home, avoiding unnecessary travel, and refrain from indoor social gatherings with people outside of their households, to reduce the exposure of COVID-19.

Stay home if you or other members of your party:

- Are experiencing any of the following symptoms of COVID-19 identified by the CDC: Cough, shortness of breath or difficulty breathing, fatigue, fever or chills, muscle pain or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, new onset of nausea, diarrhea or vomiting.
- Have been in contact with someone with confirmed or suspected COVID-19 symptoms without completing any CDC-required quarantine.
- Are under any self-quarantine order. These are necessary measures to make sure that you and your group can enjoy your time at the Walt Disney World Resort.

These are measures intended to help you and your group enjoy your time at the Walt Disney World Resort. What's most important is that you are keeping yourself, your fellow travelers, friends and family healthy and safe. An inherent risk of exposure to COVID-19 exists in any public place when people are present. You and your group should also check disneyworld.disney.go.com/experience-updates/ for the latest updates and details.

FACE COVERINGS

Parade Performance – Band (cohorts)

- A mask is recommended to be worn at all times for non-vaccinated Guests when backstage.
- Masks are not required during performance for Band members (cohorts).

Outdoor Stage Performance (cohorts)

- A mask is recommended to be worn at all times for non-vaccinated Guests, including backstage.
- Masks are not required during performance for performers (cohorts).

Workshops and Festival Disney Performance (cohorts)

- If non-vaccinated, a face covering is recommended to be worn at all times while indoors before and after all workshops/indoor performances.
- If non-vaccinated, a face covering is recommended to be worn during indoor workshop/indoor performance (dance, theatre, choral, academic programs) for cohorts, unless actively playing a musical instrument (instrumental); when not playing, masks are recommended to be on. Face coverings are recommended to be worn prior to and after all performances.

Guests who are **not fully vaccinated will be recommended to continue wearing face coverings indoors.** Please visit <https://disneyworld.disney.go.com/experience-updates/#drawer-card-faceCoverings> for the latest updates and details related to face coverings.

HANDWASHING PROCEDURES

- The CDC recommends washing your hands with soap and water for at least 20 seconds.
- If you cannot get to a hand washing station or a restroom, you can use hand sanitizer with at least 60% alcohol.
