REGISTRATION FAQS

NATIONAL CHAMPIONSHIP

NDA

NATIONALS HOUSING PACKAGE: HOW-TO VIDEO:
How to Complete Your NDA High School Nationals Registration

CAN I REGISTER BOTH MY JV AND VARSITY TEAMS AT THE SAME TIME?
Yes! As long as you are listed as the Program Manager on the account, you should be able to view and register all teams associated with your program. You will also be able to view parents who have created an account.

WHAT IS A SAFETY CHAMPION?
A **Safety Champion** is the designated personnel member responsible for fulfilling the Safety Champion role for a team during registration.

Each team must list a Safety Champion as **personnel on its registration** before the registration can move forward to the housing portion of the process. If you are registering both a JV and Varsity team, a **Safety Champion must be listed for each team.**

HOW MUCH IS THE REGISTRATION DEPOSIT? WHEN IS IT DUE?
A **$100 non-refundable deposit** is required before your registration can be approved.

The deposit may be paid by **credit card, check or PO.** If you plan to pay using a **purchase order (PO) or check,** skip the payment step during registration and add your PO after completing the registration process.

Please note that submitting your registration does not complete the approval process. **Your registration will not be approved until the required $100 deposit has been submitted.**

WHAT IF MY TEAM NEEDS ADDITIONAL HOTEL NIGHTS OUTSIDE OF THE DATES LISTED?
No problem! Complete your registration using the **available dates listed in the registration system.**

After submitting your registration, email your **Registration Specialist** to request any additional room nights needed outside of the designated room block.

WHAT IF A PARENT HAS NOT CREATED AN ACCOUNT FOR THEIR ATHLETE YET? CAN I STILL REGISTER MY TEAM?
Yes! You do not need to wait to submit your team's registration. When completing the **housing portion** of registration, leave a space available in the appropriate room for that athlete. Once the parent creates their account, you will be able to return to your registration and add the athlete to the room.

WHEN CAN MY FRIENDS & FAMILY REGISTER FOR HOUSING?
Once your team registration has been submitted, your **Friends & Family registration link** will automatically appear under the **Registration Summary** tab.

Although the link will be available after you submit your team registration, **Friends & Family registration will not open until Bronze Registration has closed.**

DO I HAVE TO ADD MY UNIVERSAL TICKETS AT THE TIME OF REGISTRATION?
No. **Universal tickets and other add-ons do not need to be added during your initial registration.**

After your registration has been submitted, you can add or manage these items through your **registration portal** or by using the **separate payment link** provided.

WHO SHOULD I CONTACT IF I HAVE ADDITIONAL QUESTIONS?
If you need assistance with your registration or would like to request additional hotel nights, please contact your **Registration Specialist.**
