Web Version

Hi Coaches!

Registration for the National School Spirit Championships will open soon in the new MyVarsity! Below is a step-by-step tutorial that will walk you through the registration process for this event. Please take a moment to watch the video in its entirety so you can have a seamless registration. We recommend you familiarize yourself with the registration process prior to registration opening day.

BEFORE REGISTRATION OPENS

- **Activate** your new MyVarsity account. You should have received an invitation link in your inbox. For help, please contact your State Director. **If you have already completed this step for regional competitions, you can skip this step unless you have any updates to make to your roster.**

- **If you have not done so already, build your roster** by sharing your unique invite link with your parents. Parents will use this link to create a parent profile and submit athlete information. Please note that only one parent needs to create an account to associate their athlete to a roster. Other family members can be adding during the housing portion of registration. **Reminder** to also add your Athletic Director, Administrator, and any other support staff joining your team on your roster when preparing for registration.

- **Registering for Spirit Program:**
    - If you are the Program Manager for every team in your program, select the Spirit Program division for each team separately when you reach the **Divisions** section.
    - If different Program Managers oversee individual squads, register the team(s) you manage in the Spirit Program division. Then ask each Program Manager to register their own squad in that same division.

  Once registrations are complete, we will connect the appropriate divisions together on the back end.

- **Safety Champion:** Each team must designate a Safety Champion during registration. Before registering, please identify and roster your Safety Champion as **Personnel** on your roster. If you are registering multiple teams, each team must have a different Safety

Champion. If your Safety Champion is a parent or guardian, they must associate their account with the **Personnel** role. Resend the Team Roster invitation so they can sign in to their existing account and add the Personnel role.
