Please view the event webpages above for event and registration information. Band and Mascot information can be found on both Cheer and Dance pages.

Registering for Spirit Programs: If you are the Program Manager for every team in your program, select the Spirit Program division for each team separately when you reach the Divisions section. If different Program Managers oversee individual squads, register the team(s) you manage in the Spirit Program division. Then ask each Program Manager to register their own squad in that same division.

Once registrations are complete, we will connect the appropriate divisions together on our end.
